

Introduction

We regret to announce the death of Mike Thomson, who passed away suddenly at the end of June. The business will formally be on hold until Lawyers and accountants do their thing. If you have an outstanding order with SPS please contact kayakthomson@hotmail.co.uk which is checked on a regular basis. We may have your order in stock, if so we will get it to you. Alternatively, we will try our best to help you or source alternative suppliers. Thanks you for your interest and support. Kyle, Thelma and Lian Thomson. We offer you a wide range of proven kayaking and canoeing equipment for a bit less money. Although we are a mail order company, we sell and deliver a lot of sea kayaks and have delivered them to customers as far apart as Iceland and Australia.

We have a range of items that we know from our (and your) experience, do the job, are of excellent quality and which represent good value for money. We continue to expand and refine our range and would be grateful for your suggestions. If you happen to come across an item that you think is particularly good and useful then please let us know. All items we sell are from highly reputable manufacturers and are fully guaranteed. We will replace any faulty items without hesitation. We're always happy to give unbiased, friendly advice so give us a call even if it's only for advice, we'll be happy to help. If there's something you need and it's not on this site call us we'll try to find it for you. We don't currently have on-line buying as, firstly, we don't trust internet security and secondly we like talking to people. Just phone, fax or email us with your order or enquiry (but DON'T email your card details - phone or fax them). We've tried to keep the site clean and fast. If you want 'clever' gimmicks and whizzy things then you've come to the wrong place. All prices INCLUDE VAT. Postage is additional, at cost. All credit and debit cards are accepted.
